Labour Party conference in September 2006 agreed:

“...Conference re-affirms the decisions of the 2004 and 2005 party conferences and our commitment to a ‘Level playing field’. This should include ring-fencing all the income from tenants rents, capital receipts as well as equal treatment on debt write off and gap funding available to councils who transfer their homes to give tenants real choice and provide a long term future for council housing. Conference again calls on government to provide the ‘fourth option’ of direct investment to council housing as a matter of urgency” (Composite 10)
