

KILL the HOUSING BILL

CONTROL RENTS SECURE HOMES FOR ALL

It's hard to find a home you can afford. Now the Government is pushing policies to make the housing crisis worse.

The Housing and Planning Bill threatens to destroy council

housing, push up rents, and take away secure tenancies.

If it passes, millions more people will be trapped in insecure, expensive private renting.

Long-term stable communities will be broken up, with homes sold off, making way for more luxury redevelopments.

That's why people are linking up across the UK to stop the Bill.

NATIONAL MARCH against the Housing Bill

12 noon
Meet to march together to Westminster

GET HEARD! Communities across the UK need secure homes for all

Do you live in council or social housing?

The Housing Bill attacks social housing and legislates for social cleansing.

- Massive sale of council and social housing
- Forced sale of 'high value' council homes – much of inner London is 'high value'!
- Council tenancies of two to five years only, with no right to pass on to children
- Council tenants face rent increases of up to 400% if income £30k (£40k London)

Are you a private renter or do you want to buy a house?

The Bill won't solve the high cost of housing and will lead to higher rents and house prices.

- The Tories rejected a rule that would force landlords to provide homes 'fit for human habitation'
- Commercial landlords and speculators will control the housing market
- 'Starter homes' out of reach for most – you need to be earning £70,000 to get one in London
- No hope of getting social housing

● Opposition to the Bill is growing. The House of Lords and councils have rejected some parts of it. ● The campaign is working! ● We are determined to get rid of the whole Housing Bill, not just some of it. Everyone needs a home at rents we can afford. ● Join the campaign on the streets, on estates, in action. Join us at Parliament on 11 May, to lobby together. Help push councils to resist the Bill.
