Defend Council Housing was set up in 1998 to fight against the privatisation of council housing and for direct investment to make council housing first class housing for all who need it.

The campaign unites council tenants, trade unionists and activists around Britain. It has support from a wide political range of councillors and MPs.

DCH relies on tenants, trade union and campaign groups for support. We can't use tenants rents to ouster the glossy PR campaigns promoting privatisation. We need your support for the national campaign and to ensure tenants hear the arguments against privatisation in every authority.

Please propose your organisation affiliates to DCH, make an additional donation and order campaign material to distribute in your area.
